

Component Video Cables

(3) RCA Male to Male, 26 AWG Construction

Non-Plenum

3ft. - CVD0355-03
6ft. - CVD0355-06
12ft. - CVD0355-12
25ft. - CVD0355-25
33ft. - CVD0355-33
50ft. - CVD0355-50
75ft. - CVD0355-75
100ft. - CVD0355-100

Plenum

3ft. - CVD3355-03
6ft. - CVD3355-06
12ft. - CVD3355-12
25ft. - CVD3355-25
33ft. - CVD3355-33
50ft. - CVD3355-50
75ft. - CVD3355-75
100ft. - CVD3355-100

Why Use This Covid Cable?

Quality: These component video cables are built using Covid's 26 AWG shielded stranded coax cables and feature durable nickel connectors.

Variety: The Covid component video cables are offered in both plenum and non-plenum versions and offered in a variety of standard lengths. Custom lengths are also available.

Construction: These cables are double shielded and are built using superior materials opposed to other component video cables.

Specifications

- Plenum & Non-Plenum Options
- Component Video - (3) RCA to (3) RCA
- 26 AWG Stranded Coax
- Double Shielded
- Male to Male Configuration
- Strong & Durable Nickel Connectors
- Custom Lengths Available
