

Locking HDMI Cable

Supports 4K60Hz up to 10 feet

4K UHD

Why Use This HDMI Cable?

Secure Locking Connector: The Locking HDMI cable features the Ultra Lock System making it one of the most secure and reliable high retention HDMI cables on the market.

Quality: These HDMI cables are constructed using high grade materials. They are triple shielded and come complete with special locking pin gold connectors.

Resolution: The Locking HDMI cable is the perfect solution for high resolution short distance cable runs. They support up to 2160p@60Hz (4K-18G) at 10ft.

Covid Part Number
HDLK
