

Category Cable Tester

Test Shielded and Unshielded CAT3, CAT4, CAT5, CAT5e, and CAT6 cables

Test for shorts, opens, miswires, reversals, and split pairs and display connection and fault information on a pair-by-pair basis. It also generates audio tones for use with tone tracers on all pairs.

Description

Fast, rugged Category cable tester and tone generator in one unit. It displays cable test results using LED indicators on the main and remote unit. An easy-to-use professional grade tool, the LanSeeker is a must have for residential and commercial cable installers.

Why Use This Tester?

Quick Results: Displays cable test results on main and remote units in less than 2 seconds

Easy to Use: Immediately detects shorts by just plugging in one end of a cable to the tester

Versatility: Test shielded or unshielded, CAT3, CAT4, CAT5, CAT5e, and CAT6 cables
