

# Active Optical Cables

Featuring Plenum Rated Long Distance HDMI Cables

Covid's Active Optical Cables (AOC) offer high bandwidth at long distances with no external power needed for most models. They are available in shielded and unshielded as well as with and without detachable connectors. Covid also sells a variety of AOC products that come in several lengths. Use the chart below to choose the AOC that best fits your needs.

The P-HDADC offers detachable DP, HDMI and DVI options.
