15ft. - MC-VGA-15M  
25ft. - MC-VGA-25M

## Covid Part Numbers (with Audio)

3ft. - MC-VGAA-03M  
6ft. - MC-VGAA-06M  
10ft. - MC-VGAA-10M  
15ft. - MC-VGAA-15M  
25ft. - MC-VGAA-25M

## Why Use These Covid Cables?

**Flexibility:** This cable utilizes a smaller gauge size allowing for a tighter bend radius, ease of installation and is overall much more flexible compared to other standard VGA cables.

**Construction:** These VGA cables are built with premium materials and come complete with durable low profile connectors.

**Quality:** The Covid Slim Line VGA cables are fully pinned EDID compliant up to 25ft.

## Specifications

- Non-Plenum
- Slim Line/Flexible Cable
- Male to Male Configuration
- Fully Pinned EDID Compliant
- Distances up to 25'
